Other

1989

2003-2021	Completion of more than 100 Oral Histories of MIT Women deposited in the MIT archives. This collection constitutes the most complete record of MIT's women graduates available to researchers studying the history of women in science, technology, architecture, humanities and social sciences in a technologically focused university. It also presents new, accessible and usable data on the history of women at MIT as an institution. The archives are available to the public. Histories include those of the 3 women in the Class of 1022
	women in the Class of 1922.

"Real Madrid," *Technology Review*, May, 2021.

"Endowing Unpopular Causes with Credibility and Cash: Katharine Dexter McCormick," *Technology Review*, August/September 1989.
